

Malletts Bay Veterinary Hospital (7-doctor small animal practice and privately owned) is seeking a full-time Certified/Licensed Veterinary Technician. Must have strong client communication, teamwork, and multitasking skills; basic computer literacy; and ability to lift 50 lbs and stand for long periods. Starting wage \$20-\$25/hr (based on experience).

Key responsibilities:

- Assist veterinarians with exams, surgery, dental procedures (prophy, dental x-rays), anesthesia monitoring, and aseptic techniques
- Perform venipuncture, IV catheter placement, medication administration (IV, SQ, PO), lab work (IDEXX in-house and sample prep), and radiography
- Maintain pharmacy/controlled drug logs, prepare/dispense medications and supplies
- Perform routine grooming tasks (nail trims, ear cleans, anal gland expression)
- Light reception duties: admitting patients, estimates, scheduling, phone triage, and record maintenance (IDEXX Cornerstone experience a plus)
- Maintain clean, sanitary environment and perform minor equipment maintenance

Requirements:

- Certified or licensed vet tech preferred (or equivalent experience)
- Comfortable restraining fractious animals and working with zoonotic precautions
- Reliable, punctual, compassionate, good critical thinking, and strong communication

Benefits: 401(k) matching, health insurance, paid time off, employee discounts.

Apply/contact: Practice Manager Samantha for questions. New hires subject to 90-day probation. Work location: in person.
